Funding Options

We accept privately funded residents and those funded by the local authority. If you think you may be entitled to funding support, please contact your local Social Services team. Where nursing care is required, we may also accept NHS Continuing Healthcare funding.

Requirements on Admission for Self-Funders

To secure your place, you will be asked to provide details confirming you can fund your residency for at least two years. If this is not possible, we may require a guarantor.

You will also be asked to set up a direct debit mandate and to pay:

- Full respite fees in advance
- Permanent fees will be collected by direct debit, due monthly in advance.

Weekly Fees

Our rooms are priced from £1,445. Please get in touch to learn about our current respite care discounts and special offers.

Fees are subject to a full pre-admission assessment to determine individual needs.
